

TRAFALGAR *STREET VAC*

PETROL DRIVEN BACK-MOUNTED VACUUM CLEANER,

Trafalgar Cleaning Equipment has launched a revolutionary new concept in litter collection. A petrol driven back-mounted vacuum cleaner, the "STREET VAC", the latest revolutionary idea in cordless power tools. This vacuum cleaner opens up a new concept in the way you collect litter or contaminated materials, like dog faeces. Weighing only 10Kg, this machine is the ideal solution to cleaning in the most inaccessible areas.

This vacuum cleaner opens up a new concept in the way you collect litter or contaminated materials, like dog faeces. This machine is the ideal solution to cleaning in the most inaccessible areas. This machine is powered by the new Honda GX25T engine, a new concept in low noise 4-stroke engines,

This machine can hold up to 35 litres of rubbish which is collected through either a 5" or 4" vacuum hose (3" vac hose is used for collecting dog faeces). This now allows the operator to go literally anywhere and collect rubbish.
