

TRAFALGAR MACHINERY FROM THE UNITED KINGDOM

1. TRAFALGAR **PC 500 H** Paddock Cleaner, **500Litre** Hopper Capacity, Tipping, Towable, Honda **Petrol** Engine

Ref: Trafalgar-PC500-K

The lightweight but rugged construction allows the machine to be easily pulled around the yard or paddock. The Paddock Cleaner can be towed behind to most ATV, ride-on mowers and compact tractors. The Paddock Cleaner performs in any conditions, wet or dry.

TRAFALGAR PC 500 H Paddock Cleaner

The lightweight but rugged construction allows the machine to be easily pulled around the yard or paddock. The Paddock Cleaner can be towed behind to most ATV, ride-on mowers and compact tractors. The Paddock Cleaner performs in any conditions, wet or dry.

The Paddock Cleaner Vacuum is powered by a Powerful Honda 4 stroke petrol engine. This cuts out the task of having to mix 2 stroke fuel.

The clean fan system means no muck passes through the fan. The advantages of this design are less chance of blockage, easy to clean, reduced maintenance and wear.

You will also find that The Paddock Cleaner has many other uses around your Yard or estate. For example, collecting leaves, litter and cleaning water troughs.

Engine :	4 stroke, Honda
Fuel type:	Petrol, 4 stroke
Hopper Capacity (liter):	500
Hose Length (m):	2.5
Hitch:	Ball/ Pin (optional)
Dimensions (LxWxH):	2350x1000x1350
Warranty:	2 Years
Bin Warranty :	5 Years

Trafalgar

The Revolutionary Trafalgar Paddock Cleaners Vacuum

Having pioneered muck collection in the early 90's, Trafalgar Cleaning Equipment has to evolve its unique range of products making yard and paddock cleaning a less arduous task. Simple to operate, it comes with the standard Kawasaki two stroke engine, which creates a phenomenal vacuum in a large container to offer powerful suction through a 5" pick up tool. Due to popular demand, there is now a 4 stroke Honda powered version available.

The four stroke engine eliminates mixing two stroke fuel. In machines such as the PC450 Power, it standardizes the two engines fuel requirements resulting in an easy, efficient filling procedure. The PC50's lightweight but rugged construction allows the machine to be easily pulled and maneuvered, whilst the larger models are adapted to be towed with ATV's, Ride-on mowers and compact tractors. They perform in any conditions, wet or dry. The paddock cleaners are also useful for collecting leaves, litter and cleaning out water troughs.

- * Easy to use
- * Easy to empty
- * 2 year warranty
- * 5 year bin warranty
- * Low engine noise
- * Picks up in long grass
- * Non corrosive bin
